BOOK SYNOPSIS

The Heart and Mind in Teaching: Pedagogical Styles Through the Ages provides an important historical context for an issue confronting every American teacher, administrator, student, parent, and citizen. As the art of teaching is rapidly replaced by formulas, clinical studies, and one-size-fits-all scientific pedagogy, it is important to ask the question, "How did we get here?" Authors Alyssa Magee Lowery and William Hayes trace the history of teaching from Greek philosophy to twenty-first century educational issues in an effort to provide some perspective in the long art versus science debate, ultimately finding that the two components may be able to coexist peacefully.
