BOOK SYNOPSIS

Biblical Christianity is more than just another private religious view. It's more than just a personal relationship with God or a source of moral teaching. Christianity is a picture of reality. It explains why the world is the way it is. When the pieces of this puzzle are properly assembled, we see the big picture clearly. Christianity is a true story of how the world began, why the world is the way it is, what role humans play in the drama, and how all the plotlines of the story are resolved in the end. In *The Story of Reality*, bestselling author and host of *Stand to Reason*, Gregory Koukl, explains the five words that form the narrative backbone of the Christian story. He identifies the most important things that happen in the story in the order they take place: God Man Jesus Cross Resurrection If you are already a Christian, do you know and understand the biblical story? And for those still seeking answers to the questions of life, this is an invitation to hear a story that explains the world in a way nothing else will. This story can change your life forever.
